- Meeting begins at 4:05 pm
- Minutes from previous meeting accepted
- Agenda approved
- Ken Martis presented "Urban Open Space". It was the WVU Geography Senior Capstone Project focused on the history of green space in Morgantown as well as the potential for more. The presentation was followed by a Q&A session.
  - o **Ken Martis requested that the Green Team come up with a list of possible Green Space opportunities.**
  - o **Tim Stranko suggested the Green Team set up a way to bring attention to Green Space available on the private market.**
- Energy Committee: Will present electrical usage findings at the March Committee of the Whole.
- Trevor Lloyd announced the City will no longer actively pursue obtaining an asphalt recycler due to cost inefficiency.
- Architecture Committee: Chris Haddox announced that further research into state laws and regulations revealed that it is possible for Morgantown to adopt stricter building code than the State according to the State Fire Marshall.
- **Impact Earth comes to Morgantown in April – open discussion about Green Team manning a booth. No decision made.**
- Meeting ends at 5:40 pm
